

**210.5 Texas Hotel Occupancy Tax**

Baylor University has received a hotel occupancy state tax exemption as an educational organization from the State Comptroller. Therefore, any authorized agent or employee of Baylor University may present a Texas Hotel Occupancy Tax Exemption Certificate to a hotel at the time of registration and will not be required to pay the state hotel tax. The agent or employee will still be charged for local hotel taxes.

See section 210.6 for the Hotel Occupancy Exemption Form and 210.7 for the Organizations Exempted from Texas Hotel Tax. Both forms must be presented at registration to be exempt from the occupancy tax.
